

# **WHITEFISH TOWNSHIP TRANSFER STATION POLICY**

**ADOPTED 5/3/1999**

**REVISED 6/1/1999**

**REVISED 11/9/2017**

Purpose: The purpose of the Whitefish Township Transfer Station Policy is to provide accountability to the township for funds received at the Transfer Station. At the same time this policy provides accountability in the collection of funds for the township in order to comply with State law.

The Township Board will be responsible for purchasing and distributing Transfer Station designated bag tags to the Transfer Station attendant and the public who wish to purchase Transfer Station designated bag tags at the Township Office. The Township Treasurer will record the distribution and sale of the Transfer Station designated bag tags for accountability to the Township Board.

The Township Board will be responsible for publishing notification of this policy. This notification will also include Transfer Station hours and where the Transfer Station designated bag tags may be purchased. It will be posted at the Township Office and at the Transfer Station in a prominent area.

The Transfer Station attendant will be responsible for notifying residents of this policy when they bring regular household garbage in bags other than Transfer Station designated bag tags.

Trash other than regular household garbage will be discarded in the "open top" container and the metal container. Smaller items will be disposed of in the compactor at the discretion of the attendant. A price list for the "open top" container, the metal container and stumps will be posted at both the Transfer Station and the Township Office in a prominent area.

The policy for the Whitefish Transfer Station supersedes the policy adopted on May 3, 1999.
